|-------------------------------|--------------------------------------------|
| Numéro d'article              | 08051U121GAT2A                             |
| Fabricant                     | AVX Corporation                            |
| La description                | CAP CER 120PF 100V NP0 0805                |
| Catégorie                     | Condensateurs > Condensateurs en céramique |
| État de la pièce              | Require For Quote & Check Stock            |
| Séries                        | U                                          |
| Tension - Nominale            | 100V                                       |
| Température de fonctionnement | -55°C ~ 125°C                              |
| évaluations                   | -                                          |
| Type de montage               | Surface Mount, MLCC                        |
| Taille / Dimension            | 0.079" L x 0.049" W (2.01mm x 1.25mm)      |
| Hauteur - Installé (max)      | -                                          |
| Caractéristiques              | Ultra-Low ESR                              |
| Capacitance                   | 120pF                                      |
| Tolérance                     | ±2%                                        |
| Applications                  | RF, Microwave, High Frequency              |
| Espacement des fils           | -                                          |
| Package / Boîte               | 0805 (2012 Metric)                         |
| Coéfficient de température    | C0G, NP0                                   |
| Epaisseur (max)               | 0.045" (1.15mm)                            |
| Type fil                      | -                                          |
| Emballage                     | Tape & Reel (TR)                           |
|                               |                                            |
