| Catégorie                          | Circuits intégrés (CI) > PMIC - sectionneurs de |
| État de la pièce                   | 3718 pcs Stock                                  |
| Tension - Alimentation (Vcc / Vdd) | 3 V ~ 5.5 V                                     |
| Tension - Charge                   | 50V (Max)                                       |
| Type de commutateur                | Latched Driver                                  |
| Package composant fournisseur      | 20-SOIC                                         |
| Séries                             | -                                               |
| Rds On (Typ)                       | -                                               |
| Rapport - Entrée: Sortie           | 1:8                                             |
| Emballage                          | Tube                                            |
| Package / Boîte                    | 20-SOIC (0.295", 7.50mm Width)                  |
| Le type de sortie                  | Bipolar                                         |
| Configuration de la sortie         | Low Side                                        |
| Température de fonctionnement      | -40°C ~ 85°C (TA)                               |
| Nombre de sorties                  | 8                                               |
| Interface                          | Strobe, Serial                                  |
| Type d'entrée                      | Non-Inverting                                   |
| Caractéristiques                   | -                                               |
| Protection contre les pannes       | -                                               |
| Courant - Sortie (Max)             | 500mA                                           |
|                                    |                                                 |
