| Caractéristiques              |                                  |
|-------------------------------|----------------------------------|
| Modèle de produit             | AT24C02BN-SH-T                   |
| Fabricant                     | Micrel / Microchip Technology    |
| La description                | IC EEPROM 2KBIT 1MHZ 8SOIC       |
| Catégorie                     | Circuits intégrés (CI) > Mémoire |
| État de la pièce              | 2271 pcs Stock                   |
| Tension - Alimentation        | 1.8 V ~ 5.5 V                    |
| Package composant fournisseur | 8-SOIC                           |
| La vitesse                    | 400kHz, 1MHz                     |
| Séries                        | -                                |
| Emballage                     | Tape & Reel (TR)                 |
| Package / Boîte               | 8-SOIC (0.154", 3.90mm Width)    |
| Température de fonctionnement | -40°C ~ 85°C (TA)                |
| Type de mémoire               | Non-Volatile                     |
| Taille mémoire                | 2Kb (256 x 8)                    |
| Format de mémoire             | EEPROM                           |
| Interface                     | I²C, 2-Wire Serial               |
|                               |                                  |
