| Modèle de produit                    | PQ1X291M2ZPH                                             |
| Fabricant                            | Sharp Microelectronics                                   |
| La description                       | IC REG LDO 2.9V 0.15A SOT23-5                            |
| Catégorie                            | Circuits intégrés (CI) > PMIC - régulateurs de tension - |
| État de la pièce                     | 5031 pcs Stock                                           |
| Tension - Sortie                     | 2.9V                                                     |
| Tension - entrée                     | Up to 9V                                                 |
| Tension - Chute de tension (typique) | 0.2V @ 150mA                                             |
| Package composant fournisseur        | SOT-23-5                                                 |
| Séries                               | -                                                        |
| topologie du régulateur              | Positive Fixed                                           |
| Emballage                            | Original-Reel®                                           |
| Package / Boîte                      | SC-74A, SOT-753                                          |
| Température de fonctionnement        | -30°C ~ 85°C                                             |
| Nombre de régulateurs                | 1                                                        |
| Type de montage                      | Surface Mount                                            |
| Courant - Sortie                     | 150mA                                                    |
| Courant - limite (min)               | 180mA                                                    |
|                                      |                                                          |
