| Numéro d'article                  | ZMM5258B-7                                            |
| Fabricant                         | Diodes Incorporated                                   |
| La description                    | DIODE ZENER 36V 500MW MINIMELF                        |
| Catégorie                         | Produits semi-conducteurs discrets > Diodes - Zener - |
| État de la pièce                  | 5000 pcs Stock                                        |
| Tension - Zener (Nom) (Vz)        | 36V                                                   |
| Tension - directe (Vf) (max) @ Si | 1.5V @ 200mA                                          |
| Tolérance                         | ±5%                                                   |
| Package composant fournisseur     | Mini MELF                                             |
| Séries                            | -                                                     |
| Puissance - Max                   | 500mW                                                 |
| Emballage                         | Tape & Reel (TR)                                      |
| Package / Boîte                   | DO-213AC, MINI-MELF, SOD-80                           |
| Température de fonctionnement     | -65°C ~ 175°C                                         |
| Type de montage                   | Surface Mount                                         |
| Impédance (Max) (Zzt)             | 70 Ohm                                                |
| Courant - fuite, inverse à Vr     | 100nA @ 27V                                           |
|                                   |                                                       |
