

Not Actual Photo

YIC International Co., Limited.

Référence fabricant:

STPS10L25D

Fabricant / Marque:

STMicroelectronics

Une partie de la description:

DIODE SCHOTTKY 25V 10A TO220AC

Livret des spécifications:

 [STPS10L25D.pdf](#)

Statut RoHs:

Sans plomb / conforme à la directive RoHS

État du stock:

New original, 13701 pcs Stock Available.

Bateau de:

Hong Kong

Manière d'expédition:

DHL/Fedex/TNT/UPS/EMS

Image may be representation.  
See specs for product details.

Caractéristiques

|                                      |                                               |
|--------------------------------------|-----------------------------------------------|
| Modèle de produit                    | STPS10L25D                                    |
| Fabricant                            | STMicroelectronics                            |
| La description                       | DIODE SCHOTTKY 25V 10A TO220AC                |
| Catégorie                            | Produits semi-conducteurs discrets > Diodes - |
| État de la pièce                     | 13701 pcs Stock                               |
| Tension - directe (Vf) (max) @ Si    | 460mV @ 10A                                   |
| Tension - inverse (Vr) (max)         | 25V                                           |
| Package composant fournisseur        | TO-220AC                                      |
| La vitesse                           | Fast Recovery = 200mA (Io)                    |
| Séries                               | -                                             |
| Emballage                            | Tube                                          |
| Package / Boîte                      | TO-220-2                                      |
| Température d'utilisation - Jonction | 150°C (Max)                                   |
| Type de montage                      | Through Hole                                  |
| Type de diode                        | Schottky                                      |
| Courant - fuite, inverse à Vr        | 800µA @ 25V                                   |
| Courant - Rectifié moyenne (Io)      | 10A                                           |
| Capacité à Vr, F                     | -                                             |
