| Caractéristiques              |                                  |
|-------------------------------|----------------------------------|
| Modèle de produit             | SST39VF6401B-70-4C-B1KE          |
| Fabricant                     | Micrel / Microchip Technology    |
| La description                | IC FLASH 64MBIT 70NS 48TFBGA     |
| Catégorie                     | Circuits intégrés (CI) > Mémoire |
| État de la pièce              | 1432 pcs Stock                   |
| Tension - Alimentation        | 2.7 V ~ 3.6 V                    |
| Package composant fournisseur | 48-TFBGA                         |
| La vitesse                    | 70ns                             |
| Séries                        | SST39 MPF™                       |
| Emballage                     | Tray                             |
| Package / Boîte               | 48-TFBGA                         |
| Température de fonctionnement | 0°C ~ 70°C (TA)                  |
| Type de mémoire               | Non-Volatile                     |
| Taille mémoire                | 64Mb (4M x 16)                   |
| Format de mémoire             | FLASH                            |
| Interface                     | Parallel                         |
|                               |                                  |
