| La description                 | IC MON DUAL SUPPLY PREC TSOT23-8             |
| Catégorie                      | Circuits intégrés (CI) > PMIC - Superviseurs |
| État de la pièce               | 2656 pcs Stock                               |
| Tension - seuil                | 2.5V, 3.3V, 5V, Adj                          |
| Type                           | Multi-Voltage Supervisor                     |
| Package composant fournisseur  | TSOT-23-8                                    |
| Séries                         | -                                            |
| réinitialiser Timeout          | 140 ms Minimum                               |
| Réinitialiser                  | Active Low                                   |
| Emballage                      | Tape & Reel (TR)                             |
| Package / Boîte                | SOT-23-8 Thin, TSOT-23-8                     |
| Sortie                         | Open Drain or Open Collector                 |
| Température de fonctionnement  | 0°C ~ 70°C (TA)                              |
| Nombre de tensions surveillées | 2                                            |
| Type de montage                | Surface Mount                                |
|                                |                                              |
