L78M06ABDT-TR

Référence fabricant:

L78M06ABDT-TR

Fabricant / Marque:

STMicroelectronics

Une partie de la description:

IC REG LDO 6V 0.5A DPAK

Livret des spécifications:

 [L78M06ABDT-TR.pdf](#)

Statut RoHs:

Sans plomb / conforme à la directive RoHS

État du stock:

New original, 15674 pcs Stock Available.

Bateau de:

Hong Kong

Manière d'expédition:

DHL/Fedex/TNT/UPS/EMS

| Caractéristiques                     |                                                          |
|--------------------------------------|----------------------------------------------------------|
| YIC International Co., Limited.      |                                                          |
| Modèle de produit                    | L78M06ABDT-TR                                            |
| Fabricant                            | STMicroelectronics                                       |
| La description                       | IC REG LDO 6V 0.5A DPAK                                  |
| Catégorie                            | Circuits intégrés (CI) > PMIC - régulateurs de tension - |
| État de la pièce                     | 15674 pcs Stock                                          |
| Tension - Sortie                     | 6V                                                       |
| Tension - entrée                     | Up to 35V                                                |
| Tension - Chute de tension (typique) | 2V @ 350mA                                               |
| Package composant fournisseur        | D-Pak                                                    |
| Séries                               | -                                                        |
| topologie du régulateur              | Positive Fixed                                           |
| Emballage                            | Tape & Reel (TR)                                         |
| Package / Boîte                      | TO-252-3, DPak (2 Leads + Tab), SC-63                    |
| Température de fonctionnement        | -40°C ~ 125°C                                            |
| Nombre de régulateurs                | 1                                                        |
| Type de montage                      | Surface Mount                                            |
| Courant - Sortie                     | 500mA                                                    |
| Courant - limite (min)               | -                                                        |
