| La description                     | IC REG CTRLR BOOST 8MSOP                                 |
| Catégorie                          | Circuits intégrés (CI) > PMIC - Régulateurs de tension - |
| État de la pièce                   | 33364 pcs Stock                                          |
| Tension - Alimentation (Vcc / Vdd) | 4.5 V ~ 16 V                                             |
| topologie                          | Boost                                                    |
| Redresseur synchrone               | No                                                       |
| Package composant fournisseur      | 8-MSOP                                                   |
| Séries                             | -                                                        |
| Interfaces série                   | -                                                        |
| Emballage                          | Tape & Reel (TR)                                         |
| Package / Boîte                    | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)                   |
| Le type de sortie                  | Transistor Driver                                        |
| Phases de sortie                   | 1                                                        |
| Configuration de la sortie         | Positive                                                 |
| Température de fonctionnement      | -40°C ~ 85°C (TA)                                        |
| Nombre de sorties                  | 1                                                        |
| Fonction                           | Step-Up                                                  |
| Fréquence - Commutation            | 400kHz                                                   |
| Cycle de service (max.)            | 90%                                                      |
| Caractéristiques de contrôle       | Enable, Soft Start                                       |
| Synchronisation de l'horloge       | No                                                       |
|                                    |                                                          |
