| Catégorie                     | Circuits intégrés (CI) > PMIC - chauffeurs, contrôleurs |
| État de la pièce              | 731 pcs Stock                                           |
| Tension - Alimentation        | 7 V ~ 40 V                                              |
| Tension - Charge              | -                                                       |
| La technologie                | Power MOSFET                                            |
| Package composant fournisseur | 28-TSSOP-EP                                             |
| Résolution d'étape            | -                                                       |
| Séries                        | -                                                       |
| Emballage                     | Tube                                                    |
| Package / Boîte               | 28-TSSOP (0.173", 4.40mm Width) Exposed Pad             |
| Configuration de la sortie    | Pre-Driver - Half Bridge (2)                            |
| Température de fonctionnement | -40°C ~ 135°C (TA)                                      |
| Type de montage               | Surface Mount                                           |
| Type de moteur - Stepper      | -                                                       |
| Type de moteur - AC, DC       | Brushed DC                                              |
| Interface                     | Parallel                                                |
| Fonction                      | Controller - Commutation, Direction Management          |
| Courant - Sortie              | -                                                       |
| Applications                  | Automotive                                              |
