LTC1196-2BCS8#TRPBF

|                               |                                           |
|-------------------------------|-------------------------------------------|
| Référence fabricant:          | LTC1196-2BCS8#TRPBF                       |
| Fabricant / Marque:           | N/A                                       |
| Une partie de la description: | IC A/D CONV 8BIT 1MHZ SAMPL 8SOIC         |
| Statut RoHS:                  | Sans plomb / conforme à la directive RoHS |
| État du stock:                | New original, 7000 pcs Stock Available.   |
| Bateau de:                    | Hong Kong                                 |
| Manière d'expédition:         | DHL/Fedex/TNT/UPS/EMS                     |

| Caractéristiques                     |                                                   |
|--------------------------------------|---------------------------------------------------|
| Modèle de produit                    | LTC1196-2BCS8#TRPBF                               |
| Fabricant                            | N/A                                               |
| La description                       | IC A/DCONV 8BIT 1MHZ SAMPL 8SOIC                  |
| Catégorie                            | Circuits intégrés (CI) > Acquisition de données - |
| État de la pièce                     | 7000 pcs Stock                                    |
| Tension - Numérique, alimentation    | 2.7 V ~ 6 V                                       |
| Tension - Analogique, alimentation   | 2.7 V ~ 6 V                                       |
| Package composant fournisseur        | 8-SOIC                                            |
| Séries                               | -                                                 |
| Taux d'échantillonnage (par seconde) | 1M                                                |
| Référence type                       | External                                          |
| Ratio - S / H: ADC                   | 1:1                                               |
| Emballage                            | Tape & Reel (TR)                                  |
| Package / Boîte                      | 8-SOIC (0.154", 3.90mm Width)                     |
| Température de fonctionnement        | 0°C ~ 70°C                                        |
| Nombre d'entrées                     | 1                                                 |
| Nombre de bits                       | 8                                                 |
| Nombre de convertisseurs A / D       | 1                                                 |
| Type d'entrée                        | Differential                                      |
| Caractéristiques                     | -                                                 |
| Interface de données                 | SPI                                               |
| Configuration                        | S/H-ADC                                           |
| Architecture                         | SAR                                               |
|                                      |                                                   |
